

Electric Wardrobe lift BUTLER 722

- Cabinet width 100.0 - 160.0 cm

- Black, RAL 9005

With **BUTLER 722**, the height of the wardrobe can be used to the full. A simple push of a button lowers the clothes rod by 112 cm. A person of normal height can easily reach up to 190 cm which means the clothes rod in its upper position can be 300 cm above the floor. Thus, the lower part of the wardrobe can be used for another clothes rod or other form of storage.

Functions and advantages

- Load bearing capacity 30 kg
- Telescopic for interior wardrobe dimensions from 54.5 to 156.8 cm in width
- Stylish and discreet design
- Very quiet motors also take up little space inside the wardrobe
- Integrated safety stop stops movement on collision

Standard equipment

Supplied with:

- 1x Wardrobe lift
- 1x Control unit with 2 connection cables
- 1x Power supply unit with plug
