

## Unilift 870 - Base unit

**UNILIFT 870** raises a board upwards and outwards from the bottom of a cabinet or tall cabinet. A kitchen appliance, microwave oven or other household machinery can be placed on the board. With a simple press of a button, the height of the board is adjusted to optimal working height.

### Functions and advantages

- Raises heavy household appliances to a comfortable height
- The movement can be stopped at any height
- Easily mounted on the bottom of a cabinet or tall cabinet
- Can be mounted in new or existing cabinets
