

Unilift 870 for 40.0 cm cupboard (incl. worktop)

UNILIFT 870 raises a board upwards and outwards from the bottom of a cabinet or tall cabinet. A kitchen appliance, microwave oven or other household machinery can be placed on the board. With a simple press of a button, the height of the board is adjusted to optimal working height.

Functions and advantages

- Raises heavy household appliances to a comfortable height
- The movement can be stopped at any height
- Easily mounted on the bottom of a cabinet or tall cabinet
- Can be mounted in new or existing cabinets

The combination includes the following products
